

CAPRARA UNDERSIGNES THE QUALITY

GORDON

ENERGETIC FORMULATION BASED ON NATURAL PLANTS EXTRACTS

COMPOSITION

		Phosphorus (expressed like P2O5)	25 %		
		Potassium (expressed like K2O)	32 %		
		Boron water-soluble	0.2 %		
		Molybdenum water-soluble	0.4 %		
		Free Amino Acids	6,8 % p/p		
Aspartic Acid	0,43 %	Alanine	0,67 %	Tyrosine	0,05 %
Threonine	0,14 %	Cysteine	0,02 %	Phenylalanine	0,15 %
Serine	0,26 %	Valine	0,16 %	Lysine	0,30 %
Glutamic Acid	0,84 %	Methionine	0,04 %	Histidine	0,09 %
Proline	1,17 %	Isoleucine	0,10 %	Arginine	0,65 %
Glycine	1,47 %	Leucine	0,23 %	Hydroxyproline	1,04 %

It contains also:
Cobalt - Copper - Iron - Manganese - Zinc, fully water-soluble

FORMULATION

POWDER

FEATURES

GORDON is a fully natural energy source having a strong stimulating power thanks to the wide variety of phyto-biological substances incorporated in the same .

Such substances are originated from the most advanced bio-technological extraction processes starting from controlled crops of selected plants. **GORDON gives to the plant all needed elements for activating its vital processes.**

GORDON acts directly on physiological growing centres and cellular division ones by improving the development, growing and ripening of the fruits.

USAGE

ROOT AND FOLIAR TREATMENT

DOSAGE AND FIELD OF USE	APPLICATION ON ROOT	FOLIAR TREATMENT
FRUITS TREES CITRUS TREES CUCURBITACEE TOMATOES STRAWBERRIES	every 10-15 days for improving the growing and the development 1 - 2 kg/ha	100-200 g/hl

GORDON is suitable for all crops excepted those being sensitive to Amino acids.
